Ref. No.: Your office letter ref. no.: 11025/71/NOC/VMC/Crossing/NH-48/2025/180 dated 05/06/2025.

Sir,

With reference to your query regarding the proposal for laying drainage pipes across NH 48, we would like to clarify our approach in compliance with the directives issued by the Competent Authority.

We confirm that the Vadodara Municipal Corporation (VMC) will utilize trenchless technology for the installation of our pipelines across NH 48. This method allows us to minimize any surface disturbance and ensures that we do not interfere with the Right of Way (ROW) of the National Highway.

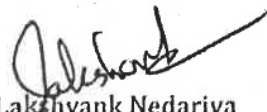

Furthermore, we assure you that all necessary pits and excavations required for this operation will be conducted outside the ROW of NH 48, in strict adherence to your guidelines. We are committed to ensuring that our activities do not disrupt the integrity or functionality of the National Highway.

Thank you for your guidance on this matter. We look forward to your continued support and cooperation.

Thank you for your attention.

Sincerely,

For, Vadodara Municipal Corporation,

 Lakshyank Nedariya
 Executive Engineer,
 Drainage- SWD Department, VMC
