RW/NH-29021/6/2017-P&M(RSCE)

Dated: 14.06.2017

To,  
Chief Engineers (NH) of all states

**Subject: Documentation of stretches of Road Safety engineering works and following short term tendering for these works – regarding.**

Sir,

Ministry has decided to document before the work and after the work conditions on the stretches on which road safety engineering works are sanctioned. The road safety works includes works for rectification of identified black spots, road safety improvement works under road safety annual plan, implementation of road safety audit recommendations etc., Documentation shall cover video filming of the project stretches which may be done by camera fitted to drone to record existing road & traffic condition before commencement of work & after completion of work during peak/off peak hours. In case if any work is already started, the documentation of the same may be done as early as possible before completion of work.

2. The cost of documentation of Road Safety engineering works may be met from contingency of the same work which has already been allowed vide Ministry's circular No. NH-15017/ 17(2) / 2016 – P&M dated 16 June 2016. The above documentation of pre work conditions of all Road Safety engineering works may be furnished to Road Safety Cell Engineering in CD and through email to the email ID of RSCE Zone [ce.rsce.morth@gmail.com](mailto:ce.rsce.morth@gmail.com) latest by 15 July 2017.

3. Road safety works being of urgent nature and utmost importance, preparation of proposals and execution of work may be done through short term tendering. .

This issues with the approval of competent authority.
