Terms of Reference for Road Safety Audit Consultancy Services (ToR)

i. Project Stretches

Consultancy Services for preparation of proposal for Rectification of Identified Black Spots/Road Safety Audit for the following projects (**Pacakge-IV**):

S. No	Name of Work (improvement of Black spot)	Chainage from- to	Period of Assignment
1	Rotary Chowk on NH-503	32.100 to 32.750	40 days
2	Rakkar Colony on NH-503	35.350 to 36.300	
3	Bhatoli Chowk M/pur on NH-503	43.900 to 44.700	
4	Sunhet on NH-503	60.500 to 61.00	
5	Gagret on NH-70	65.700 to 66.100	

ii. Objective

Carrying out detailed Road Safety Audit of the above mentioned stretches/Black spots and furnish the measures to improve the Black spot / road safety audit report giving the road safety concerns identified and the recommendations for addressing the safety concerns with necessary justification for each of the recommendations to enable road authority to take decisions on implementation of the audit recommendations.

iii. Scope of Services:

The road safety audit/ corrective measures shall be carried out as per IRC publication ISC SP-88- 2018 or its latest edition and as per Ministry's guidelines. The details and data related to the project stretch relevant to road safety audit/ improvement of black spot i.e scope of DPR for the proposed improvement of the stretch if any, the base map, traffic/other details to the extent available will be provided by the Client. These are to be reviewed by auditors and further supplementary data/details are to be collected and formulated by auditors to cross check the available data and to get the missing details which are required to carry out comprehensive & objective road safety audits as per guidelines. Where base maps of the existing stretch and other basic details are not available, the same are to be collected/ prepared thorough survey investigations as part of the road safety audit. On the base map, all the features of road/road environment, available land width, all installations and establishment etc., are to be indicated through accurate survey investigations. Relevant IRC codes, Ministry's guidelines, best industry practices and international practices are to be followed appropriately.

There will be no change in the scope allowed for the above mentioned works for improvement of black spot/ road safety audit i.e. no variation shall be admissible.

Unpresh

Commencement Meeting

After getting issued the work order, the road safety auditors shall visit the site with due diligence and get acquainted themselves with the existing site conditions. A commencement meeting with the participation of auditors, client, has to be organized to understand the context of road safety audit on project stretch, to understand any ongoing projects or projects in the pipe affecting project stretch etc, and to share the perspective of auditors, client if any, as per guidelines.

iv. Carrying out audit & preparation of audit report

- Road Safety audit of project stretch/ black spots shall be carried out with due diligence km by km through repeated visits to project stretches, observations of the traffic conditions in different times during day and night, local enquires, collection of accident data from police authorities and studying base maps and other details. Safety concerns in each km are to be identified and feasible redressed options are to be brought out, keeping in view the context of project stretch. Road Safety Audit report is to be prepared in a concise and crisp manner giving the safety concerns, recommendations for addressing them and justification for their recommendation, cost estimate etc. Auditors may use rough sketches/ indicative drawings etc. to explain these recommendations.
- The Audit Report should follow the road chainage in term of km, meters i.e. after 2nd km stone. 225m point is 2.225 km and so on. Locations are to be indicated in term of existing road chainage. The audit Report should be duly certified and signed by Audit Members as per guidelines and initialed on each page.

v. Completion Meeting

After getting prepare and submitting the Road Safety Audit Report / measures to improve black spot to the Authority/ Client, a completion meeting with the participation of the Auditors will be organized in which the safety concerns, observation and perceptive of the auditors could be explained and discussed to understand the constraints and view of the client on these safety concerns, observation and recommendations.

vi. Auditors response on client observations on audit recommendation

Client will furnish the auditors with their observation/views on audit recommendation within 7 days of submission of Audit Report. The auditors shall furnish to the client within 10 days of furnishing the observation /view of client on audit/ recommendation, a supplementary audit report incorporating auditors response on observation/ view of client on recommendation. Final audit report shall be sum of originally submitted audit report (auditor's recommendations) and supplementary audit report.

vii. Deliverables

The final Audit Report shall consist of the following:-

- (i) Safety audit Report duly signed by the auditors(Five copies)
- (ii) Base maps along with survey data, other supplementary details/data collected through survey investigations in soft form (amenable to digital terrain model commonly used by Highway Design software like Moss/MX-Q or equivalent) and hard copies in a form that can be for preparation of further proposals of remedial actions.
- (iii) Cost estimates based on latest SOR including centages as per extant guidelines.
- (iv) Supplementary Audit Report covering client's observation on audit recommendation and Auditor's response on client observation (Five copies)

viii. Time Schedules

For Improvement of Black Spot/ Road Safety Audit

- 1. Commencement of services within 3 days of work order.
- 2. Commencement Meeting within 7 Days from Commencement of services i.e. the commencement meeting within 10 days from date of Issue of work order.
- 3. Submission of Audit Report within 10 days from the day of commencement meeting or 20 Days from the issue of the work order.
- 4. Clients Observation/View if any within 7 days from date of submission of Audit Report i.e. within 27 days from issue of work order.
- 5. Submission of supplementary Audit Report within 10 days submission of client's observations/view or within 37 Days from issue of work order.
- 6. Submission of Final Road Safety Audit Report together with above cited supplementary report will be deemed to be final audit report within 3 days i.e. within 40 days from the date of Issuance of work order.
