Top Priority Road Safety Engg. Matter

#### No. RW/NH-15017/120/2015/P&M

Dated: 09.11.2015

### Office Memorandum

Sub: Road Safety audits on National Highways

National Highways historically are declared(in most of the cases)throughupgradation of lower category roads like State Highways, Major District Roads etc., and are being developed in stages considering traffic, resources, availability of land etc. Due to this, it is not uncommon to find some safety concerns remaining unresolved in stretches of national highways, which, apart from other reasons like lack of road safety education, lack of enforcement etc., are contributing to the present high rate of accidents on NHs.Carrying out road safety audits of the National Highways at different stages like feasibility stage, design stage, construction stage, pre-opening stage and also carrying out road safety audits of existing NHs is a systematic way of critically examining and identifying such safety concerns with the objective of adopting feasible remedial measures.

2. It has been decided to implement road safety audits of NHs appropriatelythrough contract conditions of EPC/BOT stretches, or through deployment of separately procured road safety audits etc., to cover the National Highway Network in order to eventually take up the remedial measures for the identified safety concerns related to the road environment to bring about perceptible improvement in the present high rate of accidents on NHs.

3. National Highway Network in your state may be examined Km by Km,NHwise to identify the status of carrying out of road safety audits of these NHs and the status details may be furnished in the format enclosed at Annex-A. Further details whicharise out of the details brought out in Annex-A may be furnished in Annex-B. List of state codes is at Appendix-I. Methodology for furnishing the details in the formats is explained in the notes given in the formats. Carrying out of road safety audits scrupulously and taking up of remedial actions appropriately is a core activity essential to bring about improvement in the road accidents/fatalities taking place on NHs. Therefore, it is requested that the above actions may be taken immediately and accurate status of the road safety audits in the formats at Annex-A & Annex-B enclosing relevant details may please be furnished for initiating further necessary action.

4. Further action for reviewing the road safety audits already carried out or taking up of fresh or supplementary road safety audits including further follow up actions for short term and long term remedial measures either through suitable variations to the ongoing

Page 1 of 2

सभी पत्र सचिव, भारत सरकार, सड़क परिवहन और राजमार्ग मंत्रालय, को उनके नाम पर नहीं बल्कि पद के पते पर भेजे जाने चाहिए। तार : ''ट्रांसपोर्ट'' All communication should be addressed to the Secretary to the Government of India, Ministry of Road Transport & Highways, by title NOT by name.Telegram : "TRANSPORT" projects or by taking up actions under the existing conditions of EPC/BOT projects or through fresh sanctions would be initiated suitably on receipt of the above details.

5. Similar actions, mutatis mutandis may be taken by NHAI and NHIDCL in respect of the National Highway stretches falling in their jurisdiction and the actions taken may be communicated to the under signed for suitably appraising Honourable Supreme Court Committee on Road Safety and other authorities.

6. Presently, Indian Roads Congress publication IRC: SP-88-2010 contains salient aspects of carrying out the road safety audits at different stages. Additional aspects which have not been covered in the above cited IRC publication could be brought out into the terms of reference of these audits. Therefore, the terms of reference (TOR) for carrying out the road safety audits wherever fresh/supplementary road safety audits are required, may be got firmed up in consultation with Road Safety Cell (Engineering) of the Ministry and R.O. MORT&H of the concerned State/UT. The audits could be taken up by grouping the contiguous stretches appropriately for the convenience of carrying out the audits in minimum possible time.

7. It is requested that necessary actions may please be taken immediately on this issue and the details may be forwarded to the Ministry by 15<sup>th</sup>December, 2015 to enable taking further necessary action.

#### Enclosure: As above

(Ravi Prasad) Chief Engineer (Road Safety)
