Sub: Request for Facilitation of Uploading Road Safety Meeting Resolutions on the Member of Parliament Road Safety Portal

Sir,

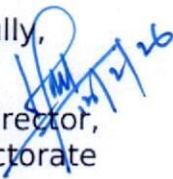

This is to inform you that the RTOs of West Bengal are facing persistent technical issues while uploading resolutions of district-level road safety meetings on the Road Safety Portal. As a result, the State's initiatives and progress are not being adequately reflected at the national level.

In view of the above, your kind intervention is requested to resolve the technical glitches at the earliest. A flow chart or step-by-step user guide may also kindly be provided to assist district authorities in proper uploading and to minimize errors. Despite repeated communications from this office and district authorities to raj.dubey12@gov.in, the issue remains unresolved.

This has approval of the Transport Deptt. vide file No. TRD-11/83/2025-SEC(TRD)-TRD Computer No.: 1199277 dated 13.02.2026.

Your cooperation in the matter is solicited.

Yours faithfully,

Director,
Transport Directorate

Sir,
The issue regarding Login Credential has been resolved. We can easily login to the URL on the Road Safety Committee after receiving the new URL address.
At present the problem we are facing is that after logging into the URL there are no issues to add Meeting Notice. But we are unable to add Agenda till date and also we are unable to see our previous meeting records.

This is for your kind information and taking necessary action.

Sir,

It is bring to your notice that for more than six months we are unable to login the morth road safety portal. For this reason we are unable to upload the resolution copy of DRSC. When we are trying to log in the portal screen showing login failed/ invalid user (following message is displayed).

Kindly resolve this issue.

Regards

RTO, Howrah
