Subject: Seeking Permission for accepting application of Bio-diesel retail outlets under Appendix-2 of MoRTH guidelines (Other Properties).

Sir,

Please refer to your letter no. Nil dated 18-08-2018 on the subject mentioned above.

2. In this context, it may be mentioned that the Ministry has issued guidelines/norms for access permissions to Fuel Stations, Private Properties, Rest Area Complexes and such other facilities along National Highways vide circular dated 24.07.2013 and subsequently amendments have been issued vide letters dated 25.08.2014, 01.12.2014 and 16.03.2016.

3. The basic purpose of regulating the access to Fuel Station/ Other Properties/ Private Properties along National Highways is to ensure smooth flow of traffic, minimum interference from vehicles, safety of road users etc. As such, entry and exit of vehicle in the bio diesel retail outlet are required to be regulated as in case of any Fuel Station as per Ministry's guidelines. Moreover, the spirit of the Ministry's Guidelines regarding access permission is not based on petroleum product/Acts etc. The retail outlet for CNG, Bio-diesel or other fuel etc. for the use in vehicle would require access permission as per the Ministry's Guidelines applicable for fuel station.

Yours faithfully,

(P.K.Mourya)
