

No. RW/NH-33044/10/2002-S&R (R)

Dated the 14th February, 2002

To

The Secretaries of all States/Union Territories, Public Works Department dealing with National Highways, Director General (Border Roads), Chairman, National Highways Authority of India.

Subject: Toll on 4 lane NH sections: Construction of Toll Plazas therein

It has been observed that the four laying of many NH sections is either already completed or is in advance stage of completion without the provision of construction of toll plazas. As per the extant policy guidelines, toll is to be charged for all the 4-lane National Highway Sections. It is, therefore, reiterated that the construction of toll plazas should invariably be completed by the time four laning of NH section is completed so as to ensure start of the collection of toll from the day of opening the road to the traffic.

2. The contents of this circular may be brought to the notice of all concerned.
