

No. RW/NH-34054/1/2006-S&amp;R(B)

Dated, the 2<sup>nd</sup> April 2007

To

All the Chief Engineers of States/UTs, PWDs (dealing with National Highways and other Centrally Sponsored Schemes), Director General (Border Roads); New Delhi, The Chairman, National Highways Authority of India

**Subject: Empanelment of Consultants for Highway & Bridge Projects**

The Ministry have finalized the panel of consultants in various categories for working in the Highway Sector. The categories under which empanelment has been done now is slightly different than the earlier categories. The new categories under which the consultants are now empanelled are as below:

- Category-I** Project preparation for all types of highway projects including bridges upto 60 m length and having RCC superstructure.
- Category-II** Project preparation for all types of bridges/grade separators including approaches but excluding bridges with innovative design such as cable stayed suspension bridge, etc.
- Category-III** Bridge Inspection & Rehabilitation.
- Category-IV** Geo-technical investigation for highway and bridge projects & high embankments.
- Category-V** Traffic & Transportation Studies.
- Category-VI** Construction supervision of all types of Highway Projects.
- Category-VII** Construction supervision of all types bridges/grade separators including approaches but excluding bridges with innovative design such as cable stayed, suspension, etc.

2. The fresh list of empanelled consultants for different categories are enclosed at **Annex-I**. These lists shall come in force from the date of issue of this letter and valid up to **31.03.2010**.

3. Henceforth, consultancy proposals for NH works and other Centrally Sponsored Schemes (except for the projects funded by multilateral agencies like World Bank/Asian Development Bank, etc.) shall be invited, wherever needed, only from the empanelled consultants as per their eligibility for the type of work involved. **For special type of structures such as curved bridges, cable stayed bridges, suspension bridges, extrados bridges, bow string girder bridges, arch bridges etc. and every large bridge projects with individual spans greater than 50 metres, a separate pre-qualification may be done in consultation with this Ministry.**

4. The empanelment is subject to the satisfactory performance by consultants. The consultant shall be fully responsible for the accuracy of data, analysis and design of the project report submitted by them irrespective of the fact whether the same has been examined and approved by the employer/client or not. Similarly, in case of proof consultant, he will be finally responsible for the accuracy of analysis and design, except initial data, irrespective of the fact whether the same has been examined and approved by the employer or not. If there are adverse reports regarding performance, deterrent action will be taken on the consultant as per the procedure outlined in **Annex-II**. In addition, the consultant will be asked to refund the consultancy fee received from the employer/client. This may be clearly stipulated in the T.O.R. for the consultancy services for the works.

5. The empanelment is subject to condition that there will not be any change in the structure/constitution of the organization of the consultants during the validity of the panels from that indicated in the applications for empanelment of the consultants. This may be verified by the Executive Engineer before the award of work of consultancies.

6. In the event of deficiency of service or mis-representation by a consultant, the concerned Chief Engineers are requested to send the details supported by enclosures and consequences of deficiency of service to the Ministry for necessary action.

7. The contents of this letter may please be brought to the notice of all officers in your Department, dealing with works on National Highways and under other Centrally Sponsored Schemes.

*(Enclosure to Ministry of Shipping, Road Transport and Highways, Deptt of Road Transport and Highways letter No. RW/NH-34054/1/2006-S&R(B) dated the 2nd April, 2007)*

<b>Annex-I</b>
----------------

## **DETERRENT ACTION AGAINST ERRING EMPANELLED CONSULTANTS**

The Ministry has been empanelling the consultants for the preparation of pre-feasibility and feasibility reports, preparation of Detailed Project Report and supervision of construction work.

At present, it is noticed that the contract agreements for consultancy services in highway sector do not clearly specify the procedure to be followed and deterrent action to be taken by the Employer/client in case of deficiencies specially in respect of accuracy of data analysis and design/non-fulfillment of commitments by the consultants observed by the Employer/client during implementation of the project or at a later date. As such, Employer/client are unable to take any action against the erring consultants.

In view of numerous complaints received in the Ministry, it has been decided to take deterrent action on the erring empanelled consultants depending upon the nature and magnitude of deficiencies observed/non-fulfillment of commitments agreed to at the time of award of work for National Highway and other centrally sponsored Road and Bridge Schemes.

In addition to above, it is proposed to specify responsibilities of the consultant in the conditions of empanelment and in the Terms of Reference, that he would be fully responsible for the accuracy of data, analysis and design irrespective of the fact whether the same has been examined/approved by the Employer/client or not. Similarly, in case of proof consultants it is proposed to be specified that they shall be finally responsible for the accuracy of analysis and design, except initial data, irrespective of the fact whether the same has been examined and approved by the Employer/client or not.

### **2. Deficiency of Services**

The role of a consultant in Highway Sector is four-fold, namely:

- (i) Preparation of pre-feasibility and feasibility reports.
- (ii) Preparation of detailed project report.
- (iii) Work supervision.
- (iv) Proof Consultancy.

In each of these areas, the type of complaints received can be classified as minor or major failures on the part of the consultants. The consequences are invariably time and cost over run in the project. Besides, in some cases, contractual complications leading to arbitration/court cases, also result in failures and accidents. To ensure a fair degree of accuracy on the part of the consultants in bidding and carrying out the tasks assigned to them, it is necessary to take deterrent action against the erring consultants in any of the following ways:-

- (i) Issue warning to the consultants as decided by Employer/client under intimation to the Ministry.
- (ii) Suspending their registration/empanelment with the Ministry for a temporary period of three to six months in case of minor deficiency in services.
- (iii) Removal of erring consultant from the panel for a period of 1 to 5 years for major negligence/deficiency in services. Such consultant will have to make fresh application to the Ministry for empanelment after the expiry of the above period.

Wide publicity will be given to the deterrent action taken against the erring consultants through circulation to all State Governments/Government Departments dealing with NH and other centrally sponsored schemes and publication of notices in newspaper and IRC journals.

### **3. Type of Deficiency of Service-Errors, Omissions & Commissions or Misconduct of Consultants**

Some of the common errors and omissions generally committed by the consultants are listed in Appendix-'A'.

#### 4. Enquiry Procedure

4.1. Employer/client will satisfy himself about the nature of deficiency of services and issue warning under intimation to the Ministry {para 2 (i) above} in case of deficiency of very minor nature not having any time/cost implication for the successful implementation of the project.

4.2. A complaint or an observation of deficiency of services, errors and acts of an omissions & commission by a consultant shall be sent by the Employer/client to Director General (Road Development) & Special Secy., Department of Road Transport & Highways giving details of the errors, acts of omissions and commissions and deficiency of services of the consultant except in case of issue of warning. The Director General (Road Development) & Special Secy. will constitute a committee consisting of the following to look into the complaint or observation.

| (i) Chief Engineer (Roads/Bridges*) S&R-MoSRT&H                       | Chairman |
| (ii) Chief Engineer of the concerned State other than the complainant | Member   |
| (iii) Project Chief Engineer-MoSRT&H                                  | Member   |

\* Applicable for Bridge projects

4.3. If the Committee on examination of the complaints/adverse report from a Employer/client feels that a prima-facie case exists for taking deterrent action against the consultant, it will give a mandatory notice to the consultant at its registered address stating the facts of the deficient service, errors, acts of commissions/omissions. The consultant will be given a reasonable time to reply to the charge and also an opportunity to be heard in person by the Committee at a specified time and date.

4.4. The Committee will require into the charges refuted by the consultant. The consultant will have the right to inspect the documents on which the complaint is based.

4.5. The Committee will record all written and/or oral submission and arguments presented. Entire proceedings shall be recorded to writing and a decision given in each case. If the consultant chooses not to respond to notices issued by the committee or does not attend the meeting of Committee to explain and defend the charges, an expert enquiry may be conducted and decision recorded. The Committee shall decide on the severity of the deficiency/omissions etc. considering the facts of the case and the implications on financial safety and other aspects.

4.6. On completion of the enquiry, the committee shall submit its report with details of findings and recommendations to Director General (Road Development) & Special Secretary.

4.7. Director General (Road Development) & Special Secretary will take appropriate action based on the recommendations of the Committee.

4.8. The time frame for conducting inquiry and taking final action will generally be as follows:-

- (i) Constitution of Committee - within 10 days of receipt of the complaint.
- (ii) Submission of report - within 2 months of the receipt of the complaint.
- (iii) Conveying the final decision - within 20 days of receipt of final report.

#### 5. Exceptions

5.1. The prescribed procedure for deterrent action outlined in para 4.3 to 4.8 above will not be followed, before ordering deterrent action under special circumstances like;

- (i) where a penalty flows from conduct of the consultant which has led to his conviction on a criminal charge; or action of the consultant jeopardizing the security of the State or
- (ii) where the committee is satisfied that it is not practicable to hold an enquiry in the matter in the prescribed manner.

5.2. In cases under Category (i), the Committee will peruse the judgement of the criminal court and take into account the gravity of the offence of misconduct committed, its impact on the project, administration, other extraneous circumstances etc. and recommend deterrent action to be taken against the consultant as it is competent to do after giving an opportunity to the consultant to make representation on the deterrent action proposed to be taken.

5.3. Regarding Category (ii), it will be obligatory on the part of the Committee to record in writing the reasons for its satisfaction to the effect not to hold the enquiry. The reasons, though brief, shall not be vague.

5.4. Director General (Road Development) & Special Secretary will take appropriate action based on the recommendations of the committee.

## 6. Appeal or Review

6.1. The aggrieved consultant within thirty days of receipt of final decision/order removing the consultant from the panel {para 2 (iii) above} may appeal to Secretary (RT&H) against the order or seek its review by the Ministry. A copy of the appeal shall be endorsed to Director General (Road Development) & Special Secretary.

Secretary (RT&H) may condone the delay in filing of appeal, if valid reasons are given.

6.2. Appeal will be considered by a committee consisting of the following:-

1.	Secretary (RT&H)	Chairman
2.	Director General (Road Development) & Special Secretary	Member
3.	Chief Engineer (Planning)	Member

6.3. If the appellant makes a specific request for a personal hearing, this may be granted by the Committee at its discretion, considering the circumstances of the case.

6.4. The Director General (Road Development) & Special Secretary on the basis of the decision of the Committee shall issue necessary orders which will be **final and binding on the appellant**.

The time limit for decision of appeal or review or revision of the earlier orders will generally be 45 days from the receipt of application in the Ministry.

## Appendix-'A'

### TYPE OF DEFICIENCY OF SERVICES-ERRORS, OMISSIONS, COMMISSIONS OR MISCONDUCT OF CONSULTANTS

Following are some of the common errors and omissions generally committed by the consultants which will be given cognizance:

#### A. Errors in Bid Data

- (i) Non-furnishing/concealing/misrepresentation of facts like litigation/expulsion/action taken/ abandoning work, failure and distress in works handled earlier etc.
- (ii) Submission of bio-data of personnel without their consent or false bio-data.
- (iii) Non-availability/non-deployment of the personnel projected for the job while bidding and seeking change of personnel soon after the commencement of services/frequent change of personnel during the contract period.

#### B. Errors in Project Data & Design

- (i) Survey lines and levels and features not matching the ground conditions.

- (ii) Traverse not closing properly.
- (iii) Hydraulic design parameters based on incorrect data and field survey.
- (iv) Inadequate and/or incorrect subsoil investigations warranting change in design during execution or time an cost overrun or performance or affecting safety of road/bridge structure.
- (v) Design not conforming to the requirements of relevant codes, standards and specifications and sound engineering practice.
- (vi) Incomplete submission for getting the payment from the client or delay in complying with the observations/instructions given by the client on draft reports etc.

**C. Errors in Supervision**

- (i) Not acting impartially or acting in collusion with contractors in award of variations, fixation of new rates etc.
- (ii) Not keeping proper records regarding quality control, inspection, rejection/rectification of work etc.
- (iii) Failure to give proper and timely advice to client/contractor to enable corrections during execution.
- (iv) Delay in decision and withholding approvals etc.
- (v) Recommending extension to contractor with a view to extend duration of supervision services.
- (vi) Refusing to give reasons for decisions when called for by the client.
- (vii) Not being fully conversant with manuals, specifications, standards, Ministry's guidelines and requirements of the project to be followed during construction.

**D. Other Faults**

Subletting of any part/major works without authorization.

No. RW/NH-34054/1/2006-S&R(B) Pt

Dated, the 1st August, 2007

To

All Chief Engineers of States/Union Territories/PWDs (dealing with National Highways and other Centrally sponsored schemes), The Director General (Border Roads); The Chairman, National Highways Authority of India

**Subject: Empanelment of consultants for Highway and Bridge Projects - Corrections in the Details of Consultants**

This has reference to Ministry's letter No. RW/NH-34054/1/2006-S&R(B) dated 2.04.07 enclosing therein the list of empanelled consultants for Highway and Bridge Projects under Category I to VII. As some consultants have intimated certain changes/corrections in their details such as address, telephone/fax numbers, e-mail id etc., the same have been carried out and the corrected details are enclosed herewith.

*(Enclosure to Ministry of Shipping, Road Transport and Highways (Dept. of Road Transport & Highways) letter No. RW(NH-34054/1/2006-S&R(B) Pt. dated 1.8.2003)*
