Sub: Guidelines/norms for access permission to Fuel Stations, Private Properties, Rest Area Complexes and such other facilities along National Highways- reg.

The power to give for access to National Highways lies with the Highway Administration as per the Highway Administration Rule, 2004 under the control of National Highways (Land and Traffic) Act, 2002. While exercising this power, the Ministry issued the general guidelines/norms for access permission to fuel stations, private properties, rest area complexes and other facilities vide Ministry's Circular No. RW/NH-33023/19/99-DO-III dated 24.7.2013. The norms and guidelines were issued as per enclosures of the Circular at Appendix-I (along with Annex-I, II & III to Appendix-I) and Appendix-II (along with Annex-I, II and III to Appendix-II).

2. The Ministry has been receiving many cases of relaxation from the Ministry's norms stipulated in the Circular under reference. It has been observed that many cases of deviations from the extant guidelines, specifically distance from intersection, gap in central median, distance from nearest fuel station, distance from toll plaza and non-fulfillment of the criteria of construction within a year of issuing NOC have been received for relaxation by the Ministry. Further, many complaints and RTI applications against relaxation have also been received in the Ministry.

3. In view of the above, it has been decided that the application for relaxation in the guidelines/norms for access permission to fuel stations, private properties, rest area complexes and other such facilities along National Highway will be filled up by the applicants through online forms and will be submitted to the concerned Highway Administrator. Before the issue of provisional NOC and in principle approval, the Highway Administrator will make available in the Ministry's website (morth.nic.in) the complete application for public comments, thereby bringing out the relaxation sought by the applicant. Comments will be invited within 60 days

from day of uploading and will be in the format as enclosed as Form-A. The Highway Administrator will subsequently take the decision on the application in a speaking order for accepting or rejecting the relaxation sought and taking into consideration the objections received on the matter. The applicant may have a further period of 30 days for appealing against the Highway Administrator to the Appellate Authority who will be the Chief Engineer of the respective Project Zone in Ministry of Road Transport & Highways. Chief Engineers will take into consideration the application of the applicant seeking relaxation, the objections received from the general public and the speaking order of Highway Administrator to decide on the appeal. The order of the Appellate Authority shall be final.

4. The Highway Administrator will issue the 'in principle' approval and the Provisional NOC for the applications, where relaxation of norms has been sought, only after the completion of the process illustrated in the preceding paragraph.

5. This circular will be read in continuation with circular of Ministry dated 24.7.2013 mentioned in first paragraph. The other provisions of the earlier circular will remain applicable.

6. The competent authority in the Ministry shall notify the Appellate Authorities for their respective Highways Administration. The contents of this Circular may be brought to the notice of all the concerned in your organization.

7. This issues with the approval of the competent authority.

Encls. As above.
