2. As per guideline issued by Ministry vide letter O.M. No.RW/NH-33023/19/99-DO III dated 16.03.2016 according to which for relaxation cases the Highway Administrator will make available in Ministry website the complete application for public comments and comments will be invited within 60 days from the day of uploading as per the format enclosed as Form 'A'.

As per proposal due to following the relaxation is sought by applicant.

Sl.No	Relaxation Category	Justification by applicant
1)	An Intersection with a road of carriageway width more than 3.5 m is 25 m only as against Ministry' norms of 300 m.	The main carriageway is upgrading to 6/4 lane road with Service road facility. Further, with the construction of Service Road, there will be no direct access to National Highway main carriageway from intersection road and the traffic through intersection road will pass through Service Road. Also, the intersection road is leading to a few numbers of houses having less motor vehicle transport. So it is not affecting the traffic on NH. Hence there will be no hindrance to the traffic on the main carriageway since the entry or exit of the vehicles to proposed outlet is only through the Service Road.

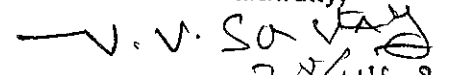

4. In view of the above, comments of the public on the above relaxation proposal is invited to the below mentioned address:
